**SUPPLEMENTAL AMENDMENT UNDER 37 CFR 1.116**

Assistant Commissioner for Patents  
Washington, D.C. 20231  
MS AF

Sir:

In response to the Advisory Action dated November 4, 2003, please amend the above-identified patent application as follows:

In the claims:

Please amend the claims as shown on pages 2-6.

An Amendment under 37 CFR § 1.116 was filed with a Certificate of Transmission by Facsimile dated September 25, 2003. The Amendment was not entered. The Advisory Action dated November 4, 2003 indicates that the Amendment was not entered because the text of the withdrawn claims was included and, therefore, the Amendment did not meet the proper revised amendment format. However, 37 CFR 1.121 states that the amendment should include the text of all pending and withdrawn claims. Accordingly, in order to comply with the Examiner's request and with the current proper amendment format, the text of the withdrawn claims is included. An appendix is attached hereto in which the text of the withdrawn claims is not included.
